JOSIAH TURNER, Jr., EDITOR.

THE TRUTH OF HISTORY—GENERAL A. P. HILL.

In the latest chapters of the "Pen and Ink Sketches of American Men and Women," published by Mr. David MacRae in the Glasgow (Scotland) *Herald*, we find the following account of an occurrence in the military lives of Generals Stonewall Jackson and A. P. Hill, in which truth and error are so closely blended as to call for correction. We make the correction because we know the writer would not intentionally do injustice to the memory of either of the eminent soldiers referred to, and we are sure his informant gave him the account of the occurrence second handed. It left too vivid an impression upon those who witnessed the scene ever to be forgotten. As it really occurred it serves to illustrate one of the leading features of Jackson's military character without reflection upon that of Hill's, who was never, we believe, accused of any want of alacrity in placing his troops in action.

Mr. MacRae says:

"A Southern officer told me that, on one occasion, when A. P. Hill was taking his men into action, Jackson, who thought the movement was not being made with sufficient alacrity, dashed up and took command of the division himself. Hill was an officer of eminent ability and felt hurt.

"General," he said, "if you command my division, you had better take my sword."

"'Retire to the rear, sir!' said Jackson sternly, 'and consider yourself under arrest.'

"There was nothing for him but to obey.

"Jackson, thinking of nothing but how to turn the tide of the battle, took Hill's division and hurled it into action, while poor Hill, for his too hasty words, had to remain behind under arrest until released by Lee."

This scene really occurred and we were an eye witness thereto, after the battles of Second Manassas and Ox Hill, upon the march into Maryland in September, 1862. General Jackson was very strict in his orders in regard to the march, the pace, the time and the rests. In the march into Maryland, we think the day before crossing the Potomac, General Hill's division was in front, with Gregg's South Carolina brigade leading. Hill, with his staff and couriers was some few hundred yards in front of General Gregg at the head of his brigade. General Jackson came riding up from the rear with his staff and attendants (for at that time Generals of divisions and corps in the Confederate army were each attended by a company of mounted men,) and remonstrated with General Gregg that his troops were marching too rapidly, and dismounting he began to march beside the first Company to give the proper step. This action attracted the notice of General Hill, who was still smarting under what he believed to be an injustice of General Jackson to his division and to himself in his preliminary report of the battle of Cedar Run, August 9th, a few weeks previous, when he immediately rode back to where Jackson was still on foot directing the march of the South Carolinas. Riding up General Hill said spiritedly," General Jackson, I believe I am commander of this Division, but if you desire to assume command here is my sword." General Jackson replied quickly and sternly, "General Hill you will retire to the rear of your Division and consider yourself under arrest," an order which he promptly obeyed, and a staff officer was sent for General Branch who was placed in command of the Division, being the ranking Brigadier.

There was no engagement by Jackson's troops for ten days or two weeks after this occurrence, during most of which time General Hill remained under arrest. But as Jackson's Corps approached Harper's Ferry, he gave to Hills without any order from General Lee, the command of the assaulting column, and to that officer the Federal General, White, surrendered the forces under his command after Hill had gained a secure footing on Bolicar Heights, close under the fortifications of the enemy.

Nothing occurred afterwards during the intimate military relations between these two officers ending only with the death of General Jackson, with all the feelings engendered by this transaction, which in any way reflected upon the character of the other or interfered with their efficient official intercourse.—*Wilmington Journal.*

A NEW VIEW OF THE SUN.

Prof. J. D. Steele, writing about the newspaper story of a terrific column of magnetic light shooting out from the sun toward the earth, explains its origin thus:

"It has been known for some time that during a total eclipse red flames were seen to play about the edge of the moon.—During the eclipse of 1868 and 1869 it was definitely settled that they are entirely disconnected from the moon, and were vast tongues of fire, darting out from the sun's disk. By observations with the spectroscope, and also by means of the wonderful photographs of the sun taken by De la Rue during the eclipse of 1860, it was discovered that these fire mountains consisted mainly of burning hydrogen gas. This was precious information to secure in the midst of the excitement and novelty, and in the brief duration of a total eclipse. It did not, however, satisfy scientific men. For two years Mr. Lockyer, aided by a grant from Parliament to construct a superior instrument, had been experimenting and searching, in order to detect these flames at other times than at the rare occurrence of a total eclipse. On the 20th of October, 1868, he obtained a distinct image of one of the prominences, which he afterward traced around the sun. Astronomers can therefore, now study these flames at any time. The results of observations now being taken show that storms rage upon the sun with a violence of which we can form no conception.—Hurricanes sweep over it's surface with terrific violence. Vast cyclones wrap its fires into whirlpools, at the bottom of which our earth could lie, like a boulder in a volcano. Huge flames dart out to enormous distances, and fly over the sun with a speed greater than that of the earth itself through space. At one time a cone of fire shot out eighty thousand miles, and then died away, all in ten minutes' time. Beside such awful convulsions, the mimic display of a terrestrial volcano or earthquake sinks into insignificance.—There is nothing in these phenomena to alarm us. They have, in all probability, happened constantly for ages past. That we have now means of investigating their nature and measuring their height and velocity, furnishes no cause of anxiety. Rumors of these discoveries have crept into the papers, and, exaggerated by repeated copying and sensational additions, have given rise to those mysterious and uncalled for predictions."

A PROCLAMATION.

By His Excellency, the Governor of North Carolina.

EXECUTIVE DEPARTMENT,
Raleigh, March 7, 1870.

By virtue of authority vested in me by the Constitution of the State, and by virtue of an act passed at the present session of the General Assembly, entitled "An act to secure the better protection of life and property," ratified the 26th day of January, 1870, and for the reason that the civil authorities of the county of Alamance are not able to protect the citizens of said county in the enjoyment of life and property, I hereby proclaim and declare that the county of Alamance is in a state of insurrection.

On the 26th of November 1869, a citizen of the United States, who was employed in teaching a school in said county, was taken from his home by a band of men armed and disguised, and was, by them, cruelly beaten and scourged.

On the night of the 26th of February, 1870, a citizen of said county was taken from his house by a band of men, armed and disguised, and was, by them, hanged by the neck until he was dead, on the Public Square in the town of Graham, near the Court House. And more recently the Postmaster at Company Shops, in said county, an officer of the Government of the United States, was compelled to flee the county for protection, and while absent, a band of men armed and disguised visited his house with the purpose, doubtless, of taking his life; and this within a short distance of Federal troops stationed in said county, not to overawe or intimidate good citizens, but to preserve the peace and to protect the innocent and the lawabiding. In addition to these cases, information has been received at this department that peaceable and law abiding citizens of the county aforesaid have been molested in their houses, have been whipped, shot, scourged, and threatened with further visitations of violence and outrage unless they would conform to some arbitrary standard of conduct set up by these disguised assassins and murderers.

I have issued proclamation after proclamation to the people of the State, warning offenders and wicked or misguided citizens of the law to cease their evil deeds, and, by leading better lives, propitiate those whose duty it is to enforce the law. I have invoked public opinion to aid me in repressing these outrages and in preserving peace and order. I have waited to see if the people of Alamance would assemble in public meeting and express their condemnation of such conduct by a portion of the citizens of the county, but I have waited in vain. No meeting of the kind has been held. No expression of disapproval even, of such conduct by the great body of the citizens has yet reached the department; but on the contrary, it is believed that the lives of citizens who have reported these crimes to the Executive have been thereby endangered, and it is further believed that many of the citizens of the county are so terrified that they dare not complain, or attempt the arrest of criminals in their midst. The civil officers of the county are silent and powerless.

The lawless must be maintained. These laws are over all. Every citizen, of whatsoever party or color, must be absolutely free to express his political opinions, and must be safe in his own house. These outrages and these violations of law must and SHALL cease. Criminals must and SHALL be brought to justice. The whole power of both governments, State and Federal, is pledged to this, and this power will be exerted. Criminals who may escape to counties adjoining Alamance will be pursued, and if not delivered up by the civil authorities of said counties, or if sheltered or protected in said counties, with the knowledge of the civil authorities, the said counties will also be declared to be in a state of insurrection.

I earnestly appeal to all good citizens to aid the civil authorities in maintaining peace and good order, and to support me in my purpose to protect life and property without regard to party or color.

Done at the city of Raleigh this 7th day of March, 1870, and in the 94th year of our Independence. W. W. HOLDEN, Governor.

By the Governor:
W. R. RICHARDS IN, Private Secretary.

These instruments took the premium at the Virginia State Fair, and without doubt are the best and cheapest instruments in the North or South.

Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and non-injurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

TUESDAY, MARCH 15, 1870.

THE OLD FIRM.

W. W. Holden should now return thanks for past favors, and inform his friends and patrons that he has again opened his old business at the new stand, on Fayetteville Street, under the name and style of W. A. Smith and Company.

Any one acquainted with the *Standard* for twenty years, can see the Governor has again resumed his old business of Editor, the only business in the world about which he has any common sense. He is sure to fail, blunder, and fail, when he attempts anything else, whether it be to re-establish the University, to lease a Railroad, or sell Railroad bonds, or swamp lands, or select honest men for office. Whatever he attempts, he fails in, except stringing sentences and phrases together.

If it were not for confounding names and titles, our Governor should be called "sneaking Bill," but Senator Pool must be left alone in the enjoyment of this distinction. Our "cussing beloved," or "beloved Governor" as brother Pepper used to call him, should not be called "sneaking," if he *does* do things in a sneaking, indirect way.

He sold, or pretended to sell, his paper, the *Standard*, to his son Joseph William, when he was appointed Provisional Governor, but the old man *would* write editorials, telling what his Excellency, the Governor would do, or had done, among other things threatening to suppress the Milton *Chronicle*.

He threatened to seize the property of Dr. Hawkins and Mr. Geo. W. Mordecai, if they did not behave themselves.

The paper was next conducted under the name and style of N. Paige & Co. Under this title, every lady in the State was so brutally insulted that Paige had to flee from the State. Then the old firm of W. W. Holden is called J. B. Neathery & Co.

This firm played out and was succeeded by Littlefield as Proprietor, and Pike as Editor. Pike and Littlefield have both left, having also played out, and W. A. Smith & Co. are to run the machine with "my son Jo," as Editor.

It is to be a regular Holden sheet, that's evident; Joseph will certainly say good things for "Dad." If any man doubts this let him read what the son says of the father:

"We have carefully watched (says Joseph in his first issue) the comments of the North Carolina press on the late proclamation of His Excellency, Gov. Holden, declaring the county of Alamance in a state of insurrection. That the Governor has acted wisely, we have not the least doubt." A pretty son Joseph would be if he should doubt the wisdom of "Dad!" "It is equally true that the Governor is as much averse to extreme measures as any citizen of the State." To be sure! what a model of moderation "Dad" is! Joseph did not think him extreme when he signed the ordinance of secession!

But hear Joseph how he further piles it on "Dad." "We undertake to say, in behalf of Governor Holden, that he has at all times striven to conciliate the people." We are glad the Governor has been able to make such a favorable impression on his son; we think if the Attorney General had been called on he would have testified to the same facts.

THINGS OMITTED.

In the account of our late visit to Surry, we had so much to say about Judge Cloud and his Court that we omitted much that might be of interest to our readers.

The Judge has been omnipotent in Surry, and it may be he will be offended at the omission of his name in this article, but the Judge will not look for too much favor from us, when he remembers having once said, that "Jo Turner should be in jail, d—n him."

At High Point we saw 7,000 partridges alive and boxed for the New York market. We heard that 20,000 had been shipped from High Point and 60,000 from Greensboro, the price being twenty cents a pair, but that a few had sold as high as 50 cents. In New York this season they sold for two dollars a pair and often for two and a half.

We spent half a day in Salem; the rain prevented us seeing all the sights and visiting the merchants and business men of the town. There are fewer idlers about Salem than any other town in the State, in proportion to the number of inhabitants.—

The Salemites are emphatically *a working people*. We were in and on the old Church and heard its grand old organ.—This Church has been recently covered, and one of its members told me 3,000 dollars had been raised in a few weeks to reconstruct the pulpit, seats and gallery, giving them, if not a fashionable, a less antiquated appearance. The organ, seats and other furniture of the Church, are as old as the Church itself; we know it will distress the old Church members to see the old pulpit and seats exchanged for new, however elegant or fashionable. Some might fear a visit from Matthew Stach! This old Lutheran divine is buried at Old Town, six miles from Salem, he was the first missionary to Greenland. He was a man of God and served his master well. We are sure he would count it desecration to dispense with the old seats and pulpit.

It is a little singular that, while Stokes County can boast of sending the first missionary to "Greenland's icy mountains," the Mormons of Utah can boast of having sent the first missionaries to Stokes and Surry. We were greatly astonished, and now we will astonish others, by telling them that 136 Mormons recently left Stokes and Surry for Utah! They were all ignorant, Holden Radicals, alike deluded in their religion and their politics. May the Lord have mercy on them, and finally bring them to understand the glories of *His* ways, and the shame of Holden's and Brigham Young's! Amen.

GENERAL CLINGMAN.

The public have heard but little of this old war horse since the surrender. At one time it was said he would edit the *Standard*. General Littlefield, who seems to have been on terms with him and rendered good service in having his disabilities removed, stated, last year, that General Clingman would have his disabilities removed and then beat Durham for Congress.

Littlefield has said he would pay $5,000 for the establishment of a Democratic paper in Raleigh, to divide and weaken the party that now oppose the Radical Republicans; his idea being to divide the old Whigs and Democrats in their war against the Radical rascals who have wrought our ruin.

Littlefield, during his short stay here to raise the Committee of the Whole and stifle investigation into his frauds and corruptions, reported that Gen. Clingman would soon be out in a paper to restore the credit of the State and calling on the old Democracy to give old Whigs back seats in government affairs. What we fight for is to turn out the Republican rogues, who now rule, that is the first work to be accomplished. Who shall fill their places will depend upon the will of the people and the merits of the men. We think the old Democrats and Whigs are too intent upon ousting the blood suckers and the rogues, to allow Littlefield or "any other man" to divide and weaken their forces by the organization of a third party, or the disintegration of the Democratic and Conservative parties. We must not prejudge General Clingman or his forthcoming pamphlet, but "watch and wait," until we see, what we shall see.

SHALL WE HAVE AN ELECTION?

On Friday last a motion was made in the House to take up the bill providing for an election in August next, and it failed. A similar motion having been voted down previously, the impression on the public mind is very natural, that this Legislature intends, while not openly and boldly declaring that they will hold over, to effect the same purpose by failing to provide for an election. Such a conclusion, we say, is perfectly natural, especially when we remember that the rules are suspended daily for the purpose of taking up and considering bills of much less importance or interest to the people or the State.

In further support of such a conclusion, it will be remembered that it was charged in the Senate, a few days ago that a *miserable faction* of the Republican party in the House intended to *defeat*, if possible, the election bill. The Senate refuses to fix a day of adjournment until the House passes the bill, and the House refuses to suspend the rules to take up the bill, although it will suspend to take up almost anything else.

The people are looking at these things; let those members who still feel that there is any connection between themselves and those whom they claim to represent beware how they allow themselves to be hoodwinked and led by men who have no hope beyond their present tenure.

STANLEY COUNTY.

We are indebted to a friend at Albemarle for the following statement of expenses of the Commissioners' Court of Stanley county from the 10th of August 1869, to 1st of March 1870, including regular and extra days:

P. Ridenhour, 40 days, $3.00 per day,	$120.00
Miles traveled, 680 at 5c.	34.00
A. Runnescutte, 38 days $3 00 per day,	114 00
Miles traveled, 994 at 5c.	49 70
A. F. Atkins, 40 days, $3.00 per day,	120 00
Miles traveled 440 at 5c.	22.00
W. H. Smith, 30 days $3 00 per day,	90 00
Miles traveled, 476 at 5c,	28 00
E. W. Davis, 39 days, $3 00 per day,	117.00
Miles traveled, 952 at 5c,	47.60
S. S. Stone, clerk, 43 days, $3.00 per day,	129.00
	$962.30

At the above rate the exponses of the Commissioners' Court of that county will be $1582,14 a year, which is over four times what the expenses of the County Courts would have been under the old system. See the comparison:

Present expenses,	$1582.14
Under the old system, 5 special Magistrates, 6 days at each Court, at $3 per day $90—4 Courts in the year,	360.00
	$1222.14

So, Stanley county pays to the Commissioners, over what she would have paid for her old Courts of Pleas and Quarter Sessions, one thousand two hundred and twenty-two dollars and fourteen cents; and taking this as an average of the 90 counties in the State, it shows an expense of one hundred and nine thousand, nine hundred and ninety two dollars and sixty cents that the new system saddles on the people over the old, in this one item—think of it!

CONSTITUTIONAL CONVENTION.—Nearly every Conservative paper in the State has published and approved the minority report of the Senate Committee, made by Messrs. Robbins and Murphy, on the bill to call a Convention to amend our State Constitution, and, what is unusual in such cases, scarcely a Radical paper in the State has uttered a syllable against it, and not one of them has dared to seriously attack it.

The truth is, the grounds taken and the facts stated in that report are unanswerable. The party in power may give the subject the go-by now, because the present Constitution and its machinery opens up such rich pasturage for office holders and party hangers-on, but the people who have to shoulder the burden, demand and will have a change.

QUESTION ANSWERED.—We are frequently asked, when will the Legislature adjourn? We are totally unable to answer, but, judging from what Mr. Legg stated in the Senate yesterday, we think they will probably remain some time longer. Mr. Legg said, there had been 1700 bills entered on the calendars of the two Houses, only 250 of which have yet been disposed of. If they undertake to dispose of the remainder formally, we suppose they will stay until they spend that $167,000 special tax money lying in the Treasury.

Mr. Robbins offered a substitute for the whole matter, proposing to meet at 9½ A. M. and adjourn at 2 P. M. and to meet again at 7½ P. M.

Mr. Lindsay withdrew his amendment.

The main question was ordered, 9 A. M. was stricken out and 9½ A. M. was inserted.

Mr. Hayes moved to amend the resolution by making it concurrent so as to require the House to adopt the same rule, which was adopted and the resolution lies over under the rule.

By Mr. Jones of Mecklenburg: Resolution continuing in force the investigating committee composed of Messrs. Bragg Phillips and Scott, with all the powers heretofore conferred upon them, until other action of the Senate thereon.

Messrs. Jones of Mecklenburg, Graham, Robbins and Beall urged the adoption of this resolution.

Mr. Sweet moved to so amend the resolution as to declare said Committee discharged.

Mr. Cook demanded the previous question, which was sustained yeas 27 nays 13.

Mr. Sweet's amendment was adopted.

Mr. Sweet moved that the rules be suspended in order to take up and consider the bill to provide for the completion of the Western Division of the Western North Carolina Rail Road, which prevailed.

Mr. Sweet offered several amendments which were adopted.

Mr. Love said it was a matter of great importance to the people of the State and especially to the people of his section of the State. He desired to be better informed in regard to certain points in the bill and could not get that information until the report of the Committee of investigation was printed or read and moved to postpone its further consideration to Thursday next at 11 o'clock.

Mr. Sweet opposed postponement in a speech of some length.

Messrs. Robbins and Graham supported the proposition to postpone, and Mr. R. proposed to amend Mr. L's motion to postpone by substituting "Friday" for "Thursday," which prevailed, and the motion as amended was adopted, by the following vote,

The motion failed for the want of a quorum.

Sykes col. renewed the motion and called for the yeas and nays.

Reynolds, col. seconded the motion, saying, that this bill had been pending for three long months, and has been referred to the Judiciary Committee, but they had persistently refused to report upon it. He knew of great injustice being done to colored people, who had paid for first class passage and afterwards were made to take second class passage, &c.

After some debate the yeas and nays were refused and the motion to postpone the unfinished business was voted down.

By Mr. Durham: A resolution that from and after to-day the House meet at 9 o'clock, A. M.

CALENDAR.

Bill to authorize the Commissioners of Alamance county to levy a special tax.

On motion of Mr. Moore of Alamance, the bill was laid on the table.

By Mr. Sinclair: A resolution adjourning *sine die* on Monday the 28th inst.

Mr. Sinclair moved to suspend the rules in order to consider the resolution at once. Carried.

Mr. Strudwick moved to amend by adding the following proviso, *Provided*, That this General Assembly do, by or before that date, pass a bill entitled an act to provide for a general election in August.

On motion, Mr. Strudwick included the Revenue bill and School bill in his proviso.

Reynolds, col., moved to amend the proviso, by adding the bill for the better protection of citizens of the State in public carriers.

On his amendment, Reynolds called for the yeas and nays.

The call being sustained, the amendment was rejected by the following ballot:

YEAS.—Messrs. Carey, col., Cawthorn, col., Cherry, col., Crawford, col., Eagles col., Forkner, col, Harris, of Wake, col., Hilliard, Hinnant, Hudgings, col., Laflin, Leary, col., Mayo, col., Morris, col., Renfrow, Robbins, col., Stevens, Stilley, and Sykes, col.

NAYS.—Messrs. Argo, Armstrong, Ashworth, Barnett, Barnes, Boddie, Candler, Carson, Clayton, Davis, Dixon, Durham, Farrow, Gahagan, Gibson, Green, Grier, Hawkins, Hendricks, Hicks, Hodgin, Hodnett, Horney, Ingram, Jarvis, Justus, of Henderson, Kelly, of Davie, Kelley, of Moore, Long, of Chatham, Long, of Richmond, Malone, McCanless, McMillan, Moore, of Alamance, Moore, of Chowan, Nicholson, Painter, Pou, Proctor, Proffitt, Ragland, Rea, Robinson, Reynolds, col., Shaver, Sinclair, Smith, of Alleghany, Stanton, Strudwick, Sweat, col., Thompson, Vest, Waldrop, Welch, Williams, of Sampson, and Wilson.

The proviso of Mr. Strudwick was then put to a vote and rejected, yeas 32 nays 42.

The resolution was then put to a vote and adopted, yeas 57 nays 14.

House then adjourned.

NOTE.—In voting against the resolution fixing the 28th inst. as a day of adjournment, Mr. Strudwick said he was forced to the conclusion that there was a strong disposition upon the part of a considerable number of the Republican party to defeat the passage of an election bill. His proviso had been voted down by a strict party vote, showing that no inconsiderable number of the Republican party on this floor intended, if possible, to stave off an election next August, by throwing obstacles in the way of the passage of a bill providing for an election at that time.

A MODEL CHURCH.

The Baptist Church in Wilmington, N. C., is numerically the smallest and one of the feeblest denominations, financially, in the city, and yet it is about finishing a house of worship which has cost fifty thousand dollars. I have seen many more expensive Churches, but there is not one in any Southern city, Baltimore not excepted, which I regard as more admirable in all its proportions and appointments.

The front of the Church is exceedingly imposing, the width being somewhat increased by a tower at each corner, tapering off into spurs of perfect symmetry but unequal hight.

The interior of the Church is finished with a kind of wood such as I never saw before, and, yet, it grows in the forests of North Carolina. It is *curled pine*, oiled and varnished, and is more beautiful than maple, mahogany, or even rosewood.

The ceiling of the Church is the shape of the roof and very lofty. At intervals of ten or twelve feet there are circular holes in the ceiling, a foot and a half in diameter, which will be covered with glass, and through this glass the house will be illuminated by gas jets, concealed in the roof.

This Church enterprise was projected by Rev. J. L. Prichard, their former pastor, who fell at that post of duty, a victim to yellow fever during the war, and it will long remain a fitting memorial of the faith and zeal of that noble man of God.

Of course the achievement of so great a work has cost the members of this Church extraordinary sacrifices, but they have never made this heavy burden an excuse for not giving to every good cause which appeals to them. Regularly, as other Churches which are at ease, have they contributed to all benevolent enterprises, and the pastor, Rev. J. C. Hiden, told the writer that his salary was paid monthly and that it had never failed to be paid twenty-four hours after it was due. He stated another thing about this Church which is worthy of imitation by others, and that is, that the Church always defrays his expenses when he attends Associations, Conventions &c.—Beyond question this Church will be blessed and prospered, for they that love God will be loved of God.

WHAT DOES IT MEAN?

In the call for a Republican Convention for the State, in the *Standard*, since it has changed hands, I see my name struck off the list of the Committee. Now what does it mean? Does the new concern intend to be more proscriptive than even Littlefield & Co? Am I to be persecuted because I have, on all occasions, given my support to measures looking to the detection and punishment of frauds and swindles, whether connected with Penitentiary, Railroads or anything, without regard to party or to who might be found guilty? If this is the reason, then I glory in the record, and I know I will be sustained, at least in my section, by all honest men, without regard to their political opinions, and this, with the consciousness that I have *tried* to do my duty, will more than compensate me for all I will lose by the attempts to injure me.

PERSONAL.—Col. James L. Corley, late Adjutant General on the staff of Gen. R. E. Lee, is in the city and stopping at the Yarborough House.

SHAD AND OTHER FISH.—Of all the quadrupeds that fly, commend us to a nicely baked or fried white shad. It is a species of sustentation that borders on what are sometimes called "Epicurean luxuries," and considered by all, who depend on eating for a living, to be "not bad to take."

We are lead to these reflections by the gratifying intelligence, just received, that Mr. James Lewis has made arrangements for a daily supply of shad and other fresh fish, which he will dispose of at the most reasonable living prices, at Mr. Weathers' Store, opposite the Post Office. Orders may be left with him there, and the fish be sent to any point in the city desired.

THE DEAF AND DUMB.—The Institution for the education of the Deaf, Dumb and the Blind, in this city has now in charge, 177 inmates, including both the white and colored, namely, 136 white, 41 colored.—This fills the capacity for accommodation nearly to the utmost, and should the ratio of increase for the future be equal to that of the past, the subject of enlarged means of accommodation will claim attention of the proper authorities at once.

The health and general prosperity of the institution, under the superintendence of Mr. Palmer, has, since the commencement of the present session, been gratifying.

OFF FOR THE "BIG NORTH"—Mr. E. Besson, Merchant Tailor, opposite the Market House on Fayetteville street, left the city last night, for the North, to lay in his Spring and Summer supply of goods in his line. He requests us to say that he intends to bring on a great variety of goods for gentlemen's wear, and will be able to suit the most fastidious taste.

RESCINDED.—The Senate passed a resolution, yesterday, discharging the "Bragg" committee. We are not surprised at this. Ever since the effort was made to enlarge the powers of the committee, so as to enable it to investigate the charges of bribery and corruption, there has been a deadly, persistent and determined effort to get rid of the committee altogether. We could print the names of members, (and we intend to do it before long) of men who voted for the committee, and got on very well in regard to it, until the effort to enlarge its powers was made, and then they cried out, by their votes against it. As we said, we are not surprised at the spectacle.

DAVENPORT FEMALE COLLEGE.—A letter from a friend in Caswell county, informs us that the Spring session of this flourishing Institution is opening with prospects of success beyond the most sanguine hops of its friends. Situated in the beautiful town of Lenoir, where the healthy mountain breezes and pure water give vigor to the lungs and roses to the cheeks, it offers, in its natural and climatic features, advantages of the very highest character.

Of the President of the College and his excellent lady, we cannot say too much in commendation. The writer of this has long known them, had opportunities of seeing and judging of the qualifications of Rev. Mr. Lander for the position he occupies, and of Mrs. Lander as a helpmate in every way worthy of him. Had we fifty daughters to educate, we should feel perfectly at ease in regard to their education, accomplishments and moral training, under the instruction and supervision of Rev. Samuel Lander, and equally at ease in regard to their health and the attention they needed, while Mrs. L. had the care of them.

CRAWFISHING.—Mr. Lindsay is trying to crawfish out of his speech about "ostracising the wives and daughters" of Gov. Vance and others, and "expelling them from respectable society," having arisen to "a question of privilege" in the Senate, yesterday, and denied it. But Senators Cook of Johnston and Sweet of Craven, two of his brother Rads, declared in open Senate that Mr. Lindsay used the language imputed to him in the report of his speech, and several other gentlemen bear the same testimony. So, you see, it won't do, Mr. Lindsay; you can't crawfish out of it so.

JUST OUT.—*Cherry Pectoral Troches*, superior to all others, for Colds, Coughs, Sore Throats, Bronchitis and Hoarseness. None so pleasant, none cure so quick.

For the Sentinel.

TOWNSHIP NO. 4, CLEAVELAND CO., February 25, 1870.

Mr. Editor:—On the 25th of this month, I was at an arbitration and Justice's Court, held at the Court House of Township No. 4, of the county of Cleaveland of this State, said Court House being near the centre of said township, and several miles from the South Carolina line. I was astonished to find men belonging to Governor Scott's South Carolina militia, armed with sixteen shooters, then and there present, and at no time of their presence not having their arms in their hands or strpaped across their shoulders. The arbitration had been determined by the proper authorities to take place on that day, and David Whisnant, our former County Court chairman or chief magistrate, Hugh Borden, William Harry, William Ware and Mr. Morrow, the very best and most law abiding citizens in the county, were present as arbitrators or the reference Court. D. J. Hardin, the magistrate of the aforesaid township, was there administering the law in his Court, and some sixty of the best citizens in the county were there attending on said civil Courts either as parties, witnesses, counsel, or sympathising neighbors before said Court. The very best men of the township were there, such as the Bordens, Herndons, Whisonants, Harrys, Wares, Hardins, Fergusons, Grahams, Dixons, Pattersons, and other law abiding substantial influential citizens of said township. The questions before the Courts were questions of settlements of copartnership and estates between citizens of our own State, and yet Governor Scott's militia from South Carolina were there armed, for what purpose? They said they had been hunting turkeys. Why should Governor Scott's militia be three miles over the line and be early at the Court House of a North Carolina township and remain there for hours, and not leave even after our people complained of the fact and spoke openly of the outrage, and never lay aside their arms or offer to leave till a man from South Carolina ordered or directed them to leave? I was informed also by good authority, that Capt. Roberts, one of Scott's minions, has taken offence at one of the most influential, quiet, peaceable citizens of our county, who was one of the Reference Court that day and also had charges against some of the parties in said Court, and would seek by his militia to arrest them the first good chance. And yet these men were there, armed all the while, never letting them loose from early in the day till they were ordered off by a South Carolinian, under the pretense of hunting turkeys. At once it was thought to arrest these armed men by the Magistrate of the county, and send them and their arms across the line to the proper authorities, but knowing that Governor Scott had said that North Carolina was the cause of his sending his militia to the King's Mountain country, and our citizens knowing such was not so, and being anxious to show their patience under outrage and insult, the citizens present, then and there elected a Chairman; Mr. A. R. Ferguson, and D. J. Hardin and W. C. Graham, Secretaries, and without a dissenting voice, adopted the following preamble and resolutions:

WHEREAS, On the the 25th day of February, 1870, Civil Courts of township, No. 4, in the county of Cleveland, N. C., were opened and held at the township Court House; and,

WHEREAS, On said day, John Barber, Burt Sausing and a negro, all armed with sixteen shooters, and claiming to belong to Capt. Hugh Robert's Company of Governor Scott's S. C. Militia, did appear at the storesaid Court House, within the territory of North Carolina; and,

WHEREAS, The militia of Gov. Scott, of S. C., stationed near the N. C. line, have passed over the N. C. line, armed as sentinels; be it therefore

Resolved, 1st. That we, the citizens of this township having seen these armed militia of Gov. Scott, of S. C., at our township Court House, do protest against such action on the part of S. C. *militia*, and call upon the lovers of the Constitution and civil liberty and the legal authorities to stop and prevent this invasion of our territory by armed men from S. C.

Resolved, 2nd. That we, the citizens of that township, are law-abiding, and are ready at all times to submit to the civil law of our State, and are opposed to interfering with the civil authority in other States, but we do always, and shall ever oppose armed militia from S. C. or any other State, coming into our State during the sessions of our Civil Courts at our township Court House to overawe and intimidate our legal authorities and other good citizens.

Resolved, 3rd. That these resolutions be sent to the Raleigh SENTINEL, Charlotte *Times*, Rutherford *Vindicator* and Yorkville *Enquirer*, with a request to publish, and to our Representative in the Legislature, that he may make known these outrages on our rights and invasion of our soil to our Governor and call upon him to make his solemn and written Protest to the Governor of South Carolina, against this invasion of our soil by the South-Carolina Militia.

Resolved 4th. That a copy of these Resolutions be sent to the Governor of S. C. with an earnest request that he keep his militia from invading our soil and especially from being present with arms at our civil Courts.

The above Resolutions were unanimously adopted by some sixty of the best citizens of our county and signed by the Chairman, Mr. A. R. Ferguson, and W. C. Graham and D. J. Hardin as Secretaries. It is proper to say that the Chairman was all the war a strong union man, D. J. Hardin is a magistrate of the aforesaid Township and Mr. Graham one of our most reliable responsible men. The affair, that militia from S. C. the State first to secede and now governed by a carpet bag Governor should invade the soil of N. C., a State always censured by S. C. for her unionism and that too when her civil courts are in session, is an outrage not to be tolerated any further. Our people have hereby notified the Governor of S. C. and N. C. and the world, as they should do, but hereafter the same forbearance may not be manifested. We wish though to show as will be evident, that Governor Scott's militia were not sent to the N. C. line to protect South Carolinians from outrage by North Carolinians as the papers and Scott's officials state, for we have seen S. C. militia armed at the civil court house in N. C. to intimidate overawe and perhaps arrest if the chance offered the very judges or members of the court. Who can keep his blood from boiling at such a thought? I assure you Mr. Editor it took prudent council to prevent these men from being handled by the law, there is no assurance that they will escape again after these things are presented to the different Governors.

AN EYE WITNESS.

AUSTRALIAN INDEPENDENCE.—Among the other political movements and national upheavings which mark the history of the times, is that of a protest on the part of Australia against the interference of the British Government in the domestic affairs of that colony. A Milbourne correspondent of the New York *World* thinks the agitation on this subject is but the precursor of a movement for entire independence from the mother government, at no distant day.

Notice! Notice! Notice! Notice!

HAVING seen by the *Standard* and SENTINEL of 5th, that the Yarborough House is advertised as the only first class Hotel, we wish to call the attention of the travelling public to two or three facts:

It is well known that the National Hotel is new and was furnished by J. M. Blair, (who gave us this notice extraordinary of the Yarborough House,) regardless of expense, only this past Fall, but it was done when he expected to be the Proprietor and retain this, as he expressed it, for his first class boarders, and send his second class to the Yarborough. The trouble was he had to go there himself.

To do justice to the owners of this property, my customers and myself, I will say that, let the public simply give the house a trial, and they will say no neater, cleaner, better kept house can be found in the South or North.

Saturday Night Dispatches.

WASHINGTON.

WASHINGTON, March 12.—The Democrats of the Senate are in accord with neither the Bullock nor Bryant party, and their action on Bingham's amendment is somewhat doubtful unless the Georgia Democrats who they say have kept aloof, take some action. The fate of the amendment is doubtful, unless Democratic Senators vote for the bill as it came from the House. It will be remembered that Democrats of the House voted for the amendment but they voted en masse against the bill as amended, and the Democrats of the Senate seem inclined to vote the same way, unless supported by some positive demonstration from Georgia Democrats.

Dispatches from Admiral Poor, mention his arrival in the flagship Severn, at Port au Prince on Feb. 9th. He had an interview with the Provisional President and Cabinet of Hayti, and explained that pending present negotiations between the United States and Domingo, this government would protect Dominicans against any hostile power. The Haytien authorities hoped friendly relations between the United States and Hayti would not be interrupted, and while aware of their weakness, they knew their rights and would protect them to the best of their ability, and that they must be allowed to be the judges of their own policy. Poor heard, unofficially, that the authorities were displeased with what they considered the menacing attitude of the United States.

LONDON, March 14.—A new Irish bill is pending which gives the Lord Lieutenant extraordinary powers in turbulent districts.

MADRID, March 12.—In the duel between the Duke of Montpensier and Prince Henry De Bourbon, the first fire at 14 paces was harmless; the combatants then approached to seven paces when the Prince fired and missed, and received the Duke's bullet in his head, which killed him instantly. The Prince being poor, the Duke will provide for his family. The cause of the duel was damaging letters written by the Prince to the Duke's friends.

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

PRATT'S

"ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, *is perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the *best* and *safest* Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article, Pratt's "Astral" Oil, for sale by dealers every where, and at wholesale and retail by the proprietors.

All its Policies are non-forfeitable and all participate in the profits from the beginning.

IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of Life Insurance, presenting advantages not offered by any other Company, note the following points.

1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.

Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES P. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

LOSSES PAID PROMPTLY IN CASH.

LIST OF LOSSES ACTUALLY PAID BY THE ÆTNA LIFE INS. CO., AT THE BRANCH OFFICE, IN RALEIGH, BY THE HANDS OF W. H. CROW, GENERAL MANAGER OF THE STATE AND PART OF VA.

"	22,304	15,00

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed nett assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
